

Siddartha's Shuttle Zones

This map shows the accommodation zones for shuttle bus pick up and drop off locations. When purchasing shuttle tickets, please refer to this map to specify the zone in which your accommodation (or desired pick-up point) lies.

There is no zone around the venue because, from here, it will be quicker to walk directly to the venue.

The pickup point/s in each zone will generally be close to the main accommodation sites, and therefore may not be at the centre of the zone.
